## Deckers Reminds Stockholders to Vote “FOR” ALL of Deckers’ Nominees on the WHITE Proxy Card

### *Highlights the Strengths of Deckers Board and Company’s Positive Momentum*

**GOLETA, Calif.** – December 11, 2017 – Deckers Brands (NYSE: DECK), a global leader in designing, marketing and distributing innovative footwear, apparel and accessories, urged stockholders to vote TODAY “FOR” ALL of Deckers’ highly qualified, experienced nominees on the **WHITE** proxy card.

Deckers’ 2017 Annual Meeting of Stockholders is just a few days away and will be held on December 14, 2017. **It is imperative that stockholders vote as soon as possible.** All stockholders’ votes are extremely important, no matter how many shares they own.

Deckers’ proxy statement and other important information related to the Annual Meeting can be found on the company’s website at [www.votedeckers.com](http://www.votedeckers.com).

### **VOTE “FOR” ALL OF DECKERS’ NOMINEES ON THE WHITE PROXY CARD TODAY**

Deckers encourages stockholders to vote for continued value creation, focused execution of a long-term strategic, transformation plan, and highly qualified directors with relevant experience. The best choice for stockholders is clear: vote “FOR” ALL of Deckers’ nominees on the **WHITE** proxy card.

Here are the facts:

- **Deckers’ shares have outperformed its proxy peers over the last five years.** Using the current market price, Deckers is outperforming its proxy peers by over 35% over the last five years.<sup>1</sup> Our stock hit a fresh 52-week high of \$78.38 on December 8, 2017.
- **Deckers has increased gross profit margin and reduced spend** by improving input costs, shortening product development cycles, rationalizing our retail footprint, consolidating offices and controlling indirect spend. Our recent results in the second quarter of fiscal year 2018 demonstrate the power of our transformation, as we generated a 220 basis point increase in gross margin as compared to the same period last year, in addition to delivering earnings per share that were ahead of expectations.
- **Deckers is returning capital to all stockholders** through our recently announced \$400 million stock repurchase plan – the most significant in our history – which we expect to complete by year-end fiscal 2020.
- **Deckers has an experienced Board** focused on growing stockholder value. The current Board has been a significant agent of change to improve Deckers’ performance and is firmly committed to continuing to evolve. To meet the needs of our consumers, win in the marketplace and deliver value to stockholders, the Board is seeking individuals with highly additive skills and relevant experience. We have retained a leading national director search firm and are actively engaged in a search process to identify at least two new qualified independent directors well in advance of the 2018 Annual Meeting (expected to be held in September 2018). Further, the Board and search firm will consider all director candidates suggested by stockholders, including those proposed by Marcato Capital Management LP

("Marcato"). The appointment of new directors will coincide with an equal number of retirements from the existing Board.

In contrast, Marcato is seeking to implement risky and value-destructive proposals at the expense of ALL Deckers stockholders. We strongly believe that Marcato's plan will introduce substantial risk to your investment and will not create sustainable stockholder value.

Do NOT allow Marcato to derail Deckers' progress:

- **Marcato's nominees are unvetted and unqualified.** Marcato's three director nominees lack the relevant skills, experience and fundamental understanding of Deckers' global, multi-brand business and the evolving retail industry necessary to add value. Only one has ever served on the board of a public company, and that same nominee is the only one with any C-level executive experience. The Deckers Board will **not** benefit from the addition of a retired investment banker, a retired non-luxury marketer, and a public relations consultant. If Marcato's nominees are elected, we would immediately lose the experience and guidance of our Chairman and two critical committee members with exceptional industry knowledge.
- **Marcato insists on recklessly and rapidly closing our stores, even profitable ones,** which would significantly affect our profitability and would require substantial cash outlay. Instead, Deckers is prudently reducing store count while limiting unnecessary lease termination fees and preserving profitable stores. We believe that our retail stores are of critical importance to effectively engage with our consumers and drive e-commerce sales.
- **Marcato wants to sell our non-UGG brands,** which provide important diversification and growth opportunities, and **implement draconian cuts,** which would significantly reduce profitability and endanger longer-term growth potential.
- **Marcato believes Deckers should take on significant debt.** We firmly believe that in the current environment, Marcato's proposal exposes stockholders to excessive risk.

**TIME IS SHORT – PROTECT YOUR INVESTMENT AND FUTURE UPSIDE BY VOTING  
"FOR" ALL OF DECKERS' NOMINEES TODAY BY TELEPHONE OR BY INTERNET TO ENSURE THAT YOUR  
SHARES ARE REPRESENTED AT THE DECEMBER 14TH ANNUAL MEETING**

We are confident that the current Deckers Board is well positioned to guide Deckers into the future and maximize value for all stockholders. Leading independent proxy advisory firms agree: both Glass, Lewis & Co. and Egan-Jones Ratings Company recommend that stockholders vote "FOR" ALL of Deckers' nominees on the **WHITE** proxy card.

**PLEASE VOTE THE WHITE PROXY CARD**

**The Deckers Board unanimously urges stockholders to vote "FOR" ALL of Deckers' nominees on the WHITE proxy card TODAY. Discard any Gold proxy card materials that you may receive from Marcato. If you have already returned a Gold proxy card, you can change your vote by voting the WHITE proxy card TODAY by telephone or by Internet. Only your latest-dated proxy card will be counted.**
